User Friendly Sailing

## User Friendly Sailing

Clark Lake Yacht Club (CLYC) has a long tradition of providing fun learn to sail programs since its establishment in 1937. Today, the members of CLYC are proud to provide a six-week hands-on sailing instruction. All of our volunteer instructors are season sailors who share their boats with you. We ask members and non-members to purchase and then read the US SAILING textbook: "Learn Sailing Right! Beginning Sailing" (\$15.00). Copies are available from CLYC or on-line. For more information you may contact Bruce Nowak, 517 784 3348, b1now@juno.com.

*Sailing Fun—Fun Sailing*

# Learn to Sail
