July 10, 2020

Hello Fellow Club Members

This has been a challenging year as we had to open the club without our normal spring work party. So far we've got a lot done, and life at the club seems almost normal. But there are still some tasks to be done. We are putting together a list of small cleaning/repair tasks that members can do. A cork board with slips of the needed tasks is located in the front enclosed porch. We are also looking for someone to do minor repair, clean and paint the club dining deck. If you would like to take on this project please contact Richard O'Boyle (517-285-0429) for information on how to complete this task.

The club house and kitchens remain closed with the exception being use by renters. The front enclosed porch is unlocked is available for shelter in case of a storm. Please follow social distancing that you are comfortable with if you choose to use this space.

Parties for the rest of the 2020 summer are as follows:

- The July Cocktail party has been rescheduled to Saturday Aug. 1st. There will be an added emphasis for this party on getting new members to attend and to meet and greet. There will be no charge for this party and will be "Bring Your Own" Everything (food/refreshment). Mike Britz will chair the event and if you have any questions you can contact him (517-420-4230). It will be a chance to come and connect while practicing social distances.
- Labor Day party is Sept. 7th. Jenna Chmielewski and her family will be putting on another wonderful culinary feast as they did last year. There will be no buffet but the meal will be a takeout theme in accordance with COVID-19 guidelines.
- The always popular Thursday Night BBQ's will resume every other Thursday starting July 16th. If you would like to be a grill master for a Thursday evening please contact Jenna Chmielewski (517-937-5232). Grill Master is basically a function of setting up and lighting the charcoal

There are a lot of new members at our club. For you folks who have been around for a few years, if you see someone you don't know, please introduce yourself and welcome the new member to the club.

A new dock chart has been completed and uploaded to the CLYC website and is posted at the club showing the most recent members docking locations.

This is what we know. If you have questions or concerns for the Commodore, please contact me and I will try to get you answers. My email address is [irontrader59@gmail.com](mailto:irontrader59@gmail.com)
